

# A White Hat & Rose Colored Glasses: Unlocking Your Power Through Clarity & Action

Imagine for a moment how different your life could be if you were fearless, passionate, creative, and confident. These are all powerful traits found within the mindset of a child yet as adults we tend to focus on fears, doubt, judgment, and limitations. What happened as we made our transition into the grown-up world? A White Hat and Rose Colored Glasses is full of thought-provoking stories to help shift those limiting beliefs that may be holding you back and encouraging ideas that will inspire you to take better actions. Plus you will find some rather profound lessons that will have you questioning the way you think. Find your CLARITY by putting on your rose colored glasses so that you can see the things you need to see. Then take ACTION by wearing your white hat and do the things you need to do. Clarity and Action - those two words have the power to change, well just about everything!
