By Donna D. A friend of mine urged me to get some help about my future, as I always tend to see things grey and black, but I wasnt so sure about it. So I decided to look for some help, and I found this book. It definitely works! It helps me realize that there are many excellent options waiting for us in the future, we just need to be optimistic in the present. And this is something Ive always had problems with, until I read this book. If you are looking for a solid guide on motivation you have just founded it. By Alexis Just what I needed Right when I started reading this book trouble hit my life. This book was very helpful and encouraging... By Kathy E. Talk to your problems about how big your God is, instead of talking to God about how big your problems are. Life is too valuable to be distracted by negative people. Dont let

anyone talk you out of your dreams.
