

You Are the Reason

A Novel in The Tav series Davos a pretty average guy. He has a decent job, owns his own home, and spends his weekends at the pub. He fully accepts that hes gay, but doesnt want to be one of those gays who are girly. He likes football and other masculine pursuits, and firmly avoids anything that could be seen as femme?including relationships that last beyond fifteen minutes. Then Davos friend and gay idol not only gets a boyfriend, but also adopts a baby girl. Davo is seriously spooked and scuttles down to the pub. Thats where he meets Lee, cute from her cherry-red hair to her pretty little dress and pointy red shoes. Davo is charmed?but how is that possible? Hes gay. Isnt he? Then Lee tells him hes actually a guy?he just likes to wear womens dresses occasionally. Thoroughly confused about an attraction thats out of character for him, Davo begins the long journey to where he can accept himself without caring what everyone else thinks.
