

Corporate Cowboy: Montana Heat (The Montana Ranchers Book 6)

The Montana Ranchers Series Montana Heat, Book One (a spin-off to the Montana McKennas) Come meet Gage Parker, cousin to Callie and Parker McKenna, in this first spin-off story in the Montana Heat sub-series of the Montana Ranchers books. When Emma Lavender is called to corporate headquarters at the end of her first week of employment at WestInn Hotels, she is shocked at the proposition offered by the company CEO. So shocked, in fact, she takes him up on his offer.***Emma Lavender is your average college graduate--eager to make a go of her first job and pay off those student loans. Fresh out of a relationship going nowhere, she leaves Charlotte, North Carolina, behind and heads for the wild west--Billings, Montana. But in Montana, no one takes her seriously or appreciates her southern belle upbringing, except for one man--CEO of WestInn Enterprises, Gage Parker--and he seriously appreciates what Emma has to offer. Corporate executive by day, rancher by night, Dom all the time--Gage Parker is an Alpha male with an insatiable sexual appetite and a fundamental need to control women sexually. When Emma crosses his line of vision during her work orientation at his hotel, he engineers a meeting and presents Emma with a proposition that literally rocks her southern belle upbringing to the core--and one that Emma learns she is powerless to refuse.
