

My Love at Last (Sag Harbor Village)

The right one is always worth waiting for. Dr. Olivia Gray's passion for history is sparked by the mystery surrounding her own birth parents. A research project in Sag Harbor promises to be her most intriguing assignment yet, especially when she meets Connor Lawson. Shared interests and easy banter give way to searing, unforgettable nights. Yet until she uncovers her past, she can't consider anything other than temporary bliss. The sting of his ex-fiancee's betrayal has left the intense, charismatic restoration specialist resistant to every matchmaking attempt until Olivia moves to town. She's gorgeous, talented and determined to avoid commitment. That makes their wild attraction just perfect until it's not nearly enough. One soul-baring revelation at a time, she's restoring his belief in love, but can he convince her he's offering the kind that lasts forever?
