

The Ultimate Collaboration & Synergy Guide: How To Bring Out The Best Performance And Results From Everyone! (team coaching,team building books,team based ... of leaders,team roles at work)

(EXCERPT) Do you want to learn how to make your team members work together -- not just get along, but actually create magic together? Where one member challenges and compliments the other strengths of other members, thus creating a strong, dynamic, synergistic team that brings great results! When it comes to running a company or other organizations, having open lines of communication among your team is not only desired if you want to see great results -- it is required! While you may have worked on collaboration skills with your employees before, the results may have been confusing and futile. This is due to the objective being unclear from the beginning. You see, when conditioning your team regarding how to consistently contribute and produce as a harmonious unit is about more than getting these individuals to sit down together, get along, and cooperate in working towards the project goals. While these elements are vital to improvement in this area -- true collaboration will make strides toward the desired end results! If the collaborative efforts -- which are being made are demonstrating a backward motion or simply stagnate, what is taking place has nothing to do with a positive, perpetually productive collaboration of team members. True skills of collaboration -- when practiced in a unified manner by all involved, will be controlled, cooperative, rich, and productive for everyone.

===== TABLE OF CONTENTS =====

The Art of Productive Collaboration I. Assessing Company-wide Collaborative Opportunities as a Whole Project Return: Price of Opportunity: Price of Collaboration: Superior Collaboration: A. Obstacle 1: The Transfer Obstacle 1. Lack of Team Familiarity 2. Putting Knowledge into Words 3. Lack of a Frame of Reference B. Obstacle 2: The Its Not Ours Obstacle 1. Lack of Personal

Accountability 2. An At Home Attitude 3. I can do it myself. a) Fear & Trepidation b) Comfort & Security c) Independence & Personal Strength d) Big Man & Little Man Syndrome C. Obstacle 3: The Information Obstacle 1. Non-existent Networking 2. Its hard to go to the big shots 3. T.M.I. (Too Much Information) 4. Its not just geography, you know. a) Time Restraints b) The Bigger the Organization, the Harder the Search c) The Internet isnt It d) The Distance Issue D. Obstacle 4: The Stashing Obstacle 1. The Information is Power Mindset 2. Co-Worker & Colleague Competition 3. Anti-teamwork Attitude 4. Lack of Incentives a) Knowledge in Relation to Power b) Resource Battles c) The Trouble with Time d) Inventive Incentives E. Designing a Solution 1. Networks & Networking 2. Harmonious Fusion 3. Cross-Collaboration with In-House Contribution a) Networking Core Solution Concept b) Unification Core Concept Solution c) Collaborations Core Concept Solution (1) Networks & Networking (a) There is no science to networking. (b) You should always utilize the networking strategy. (c) It takes a great socializer to network right. (d) The bigger the network, the better.
