

The New Revelation

Sir Arthur Conan Doyle was a Scottish author who found fame writing about the detective Sherlock Holmes. Doyle was a prolific writer who also wrote science fiction, historical novels, plays, romances, poetry, and non-fiction. The treatise deals not only with the issue of physical versus metaphysical, but also considers the problem of death (and afterlife) and the question of communication with the spirit world. Doyle expresses his thoughts about ESP, psychic phenomena, and communication with the dead through mediums.
