

Why Israel Matters to You: Our Friend Israel Needs Our Support More Than Ever!

A Story That Must Be Told This is a fictional account of a young man who learns from an unexpected friend about the importance of Israel to every American. Fiction, yes, but an essential message that could impact Americas futureyour future! Aryeh Spero makes an eloquent case for a cause dear to my heart: support for the State of Israel. I consider it vital, as part of our Judeo-Christian outlook, that our young people and next generation of leaders continue to support a flourishing Israel. Governor Mike Huckabee Spero has shared a very important story in this book that must be understood by everyone who loves God, their neighbors, life, and freedom. This tool can be used to teach future generations the true history of Israel and the Judeo-Christian principles our founding fathers recognized and helped encourage. In our world today there is an all-out assault by the enemies of freedom who seek to rule by encouraging dullness, deception, and destruction. We need courageous young men and women who are seeking wisdom and understanding of the times so that we not perish for lack of knowledge. Read this book. Talk about it with your children and grandchildren. Pass it on! James Robison, Founder & President, LIFE Outreach International; Co-Host, LIFE Today TV; Founder & Publisher, The Stream (stream.org) WARNING! This book will destroy ignorance and expose the real truth regarding Israel and those who seek its destruction. Do not read it unless you are willing to be assaulted with facts, not fiction, regarding the continuing conflict in the Middle East. Ben Kinchlow, founder of Americans for Israel, former 700 Club co-host Why Israel Matters to You has a message that needs to be heard across America. Our country has always stood with Israel as we have shared values in the Judeo-Christian tradition. You need to read this book. Tim Wildmon, President, AFR
