

## Blind Trust

Ben Hirsh put his Blind Trust in one man, Pap Martinez. As the CEO of the largest financial firm in the country stands before him, hands tied behind him and his head in a noose, Ben raises the tire iron once again. The man has Pap but isn't talking. Where's Pap? The man mumbles a curse. Ben raises up and lets fly. Blind Trust is a novel about loyalty. To friends, family, and to those who have passed. There is no honor among thieves, but there is for those who hunt them.
